Professional Summary

"Highly driven and versatile BTech graduate in CSE - AIML from Reva University, demonstrating a distinguished academic record with a GPA of 9 and consistent performance above the 8.5 threshold. Proven technical excellence, innovation, and leadership skills, with the ability to adapt to diverse tech environments, making significant contributions. A forward-thinking and dynamic professional, ready to leverage technical knowledge and innovative approach to solve complex problems and drive technological advancements at global tech giants like Apple and PayPal."

Technical Projects

Apple iOS Application Development

Developed a user-friendly application on iOS using Swift, which allows users to manage their daily tasks effectively.

Technologies: Swift, UIKit, Firebase

- Successfully implemented Firebase for data storage and user authentication
- Used MVC design pattern to organize the code effectively

PayPal Payment Integration

Integrated PayPal payment gateway into an e-commerce website, enabling seamless transactions.

Technologies: JavaScript, PayPal API, Node.js

- Handled complex payment scenarios with PayPal API
- Ensured secure transactions with proper encryption techniques

Apple Watch Fitness Application

Created an Apple Watch fitness application using WatchKit, providing real-time health and fitness tracking.

Technologies: WatchKit, Swift, HealthKit

- Integrated with HealthKit for collecting health data
- Implemented interactive notifications for user engagement

PayPal Invoice Management System

Developed an invoice management system that uses PayPal's invoicing APIs to create, send, and manage invoices.

Technologies: Node.js, PayPal API, Express.js

- Implemented batch invoice sending feature
- Integrated with PayPal for payment processing

Education

Btech in CSE - AIML - Reva University (12-12-2026) | GPA: 9

- have maintained a goof cgpa above 8.5

Interests

Commitment to creating innovative and disruptive technology solutions, Passion for learning and staying updated with the latest tech trends and advancements, Curiosity and dedication to understanding and leveraging new technologies, Proactive problem-solving skills, with a focus on overcoming technical challenges, Strong leadership with experience in

leading tech projects and teams, Active involvement in tech communities, contributing to open-source projects and participating in tech forums, Interest in mobile technology and user experience, aligning with Apple's focus, Experience and interest in financial technology and secure digital transactions, relevant to PayPal's operations
